Turbo Clean  
Function

## TWIN TANK AC/DC WELD CLEANER

- ✓ **3x Faster Than Manual Cleaning**  
Our patented pushbutton cleaning torch delivers cleaning fluid with the press of a button. No manual application, No dripping, No contamination. Just continuous uninterrupted efficient cleaning that gets the job done in a fraction of the time. The patented Turbo Clean function also boosts cleaning speed and productivity.
- ✓ **Perfect Passivated Finishes Every Time**  
Electrolytic cleaning removes contamination and heat discolouration whilst passivating the surface. No scratches. No swirl marks. No compromise. Just a flawless, chemically clean finish that restores natural corrosion resistance.
- ✓ **Clean, Polish and Mark in One Machine**  
The revolutionary dual-tank system lets you have two different liquids ready simultaneously. Switch from cleaning to polishing instantly. Self clean your torch or add permanent marking capability. One machine. Three capabilities. Unlimited possibilities.
- ✓ **Safe and Environmentally Responsible**  
Uses mild organic acid solution instead of hazardous pickling paste. Low fumes and no specialist certification required. No complicated waste disposal. Safe for your team. Safe for the environment.
