

ADVANCE ARC 400

PFC 400A INVERTER ARC WELDER

400A Inverter DC MMA CEL/Lift TIG Welder

Inverter Welder - 3 Year Warranty

- IGBT Inverter Technology
- Phase Loss Protection
- Cellulosic Welding Ability
- Selectable VRD Protection
- Industrial casing with front panel protection
- Microprocessor Control System
- Lightweight and Compact Design
- Production tested with 550V
- Strong Environmental Protection
- Adjustable Arc Force, Hot Start and Automatic Anti-stick Control
- Lift TIG Welding Operation
- Digital Current Display Meter
- High Quality and Over Specified Electronic Components
- Intelligent Protection System
- Generator Friendly
- Multi PCB Construction
- Power Source Wind Tunnel Cooling Construction

Accessories:

- 5m MMA Lead w H/D Twist Lock
- Electrode Holder
- 5m Earth Lead with H/D Earth Clamp

Dimensions	485 x 240 x 445mm	Lift TIG Current Output	20-400A
Weight	19kg	Lift TIG Duty Cycle	400A@60%, 325A@100%
Input Power Supply	400V AC 3 Phase 32A 50/60Hz	Insulation Class	IP23
Input Power Supply Tolerance	+/-10%	Power Efficiency	90%
Maximum Input Current	33A	Power Factor	0.7
Generator Capacity	23KVA	Standards	EN60974-1:2012
MMA Current Output	20A-400A	MMA Rod Size	1.6-6.0mm
MMA O/C Voltage	90V	Warranty	Commercial 12 month extend to 36 months
MMA Duty Cycle	400A@60%, 325A@100%
